9/9/70

Dear Harold and Dick,

I am writing this letter from a room no larger than Oswald's at North Beckley. This is my new home on campus. Despite minor difficulties to be expected, I am really enjoying this.

I should be staying in this room permenantly, i.e., I don't think I'll be switching around. Here is my new mailing address:

Howard Roffman
133C Baird
University of Pennsylvania
37th and Spruce Sts.
Phila., Pa. 19152

If it's not too much trouble, I'd like you to mail things to me at this address from now on until I tell you to go back to the other. This way I'll get things much, much faster, for I don't know how often I'll be going home.

Got the Bond slides from Lifton--4th generation copies, quite good. One is a little dark, others good. One of JFK on Houston which Tink printed is missing--Lifton says he can't find it. The color and focus is generally much better than Willis' pictures. Haven't had much time to go over them, but may have spotted one thing of importance. In a later slide, there is someone bending down as if he were picking up something off the street.

Must go now. Keep in touch.

Best,

Howard
